Class Descriptions Below:

TRX: Total Body Resistance Training or suspension training builds a strong core, flexibility, strength and endurance. You will use only your body weight to help improve balance, strengthen muscles and joints in order to complete challenging exercises more effectively. You can take your performance to the next level or choose to modify movements for beginners or for members with limitations. *Maximum of 9 Participants – First Come, First Serve*

SilverSneakers: Increase muscle strength and range of movement, and improve activities for daily living. You'll have a chair for seated exercises and standing support. Your instructor can modify the exercises for your fitness level.

Express Abs

Expect a workout that challenges all of your core muscles. Utilizing various pieces of equipment, and both floor and standing work, your core will be fired up and challenged.
